Dr. Michael Mack is an internationally known cardiac surgeon. Based in Dallas he is the medical director of the Baylor Health Care System. He is past president of the Society for Thoracic Surgeons (STS) and the International Society for Minimally Invasive Cardiothoracic Surgery (ISMICS) with leadership roles in the American College of Cardiology, American Heart Association, and the US national Transcatheter Valve Therapy Registry. As the lead author of the COAPT Trial, recently published New England Journal of Medicine, he is in a unique position to inform us on the current status of transcatheter mitral repair.
"Transcatheter Mitral Valve Therapy after COAPT"
